

ATLANTIC
OCEAN

→ Leave the Airport on the N2 in the direction of Cape Town. Only turn left when you see the sign for the M3 towards Muizenberg. Take that exit and once you are on the M3, follow this highway until its end where you turn left. At the next traffic lights turn right. You can now either follow the M4, the main road along the coast or turn right into Boyes Drive. Kalk Bay is located at the end of Boyes Drive.

→ If you are coming along Boyes Drive (mountain road), drive until the road starts to dip. After a sharp bend you have to turn left into Anderson Road.

→ Coming from the M4, main road, you drive through Kalk Bay and at the traffic lights turn right into Boyes Drive. Go up the hill and take the first right turn into Anderson Road.

→ Follow Anderson Road (cobblestone road) about 100 meters, at the stop turn left into Gatesville Road. Chartfield is the big grey building on your right site.
